## About us

OvoConceptSpace is a refreshing new concept space in Belgrades' event-organization scene. This easily adaptable event space is distinguished by its specific location, modern interior design and innovative approach to event organization.

OvoConceptSpace is a raft on the Sava river bank, located between Blok 44 and 45, away from the noisy and hectic city environment, close to a big public parking space. Modern interior is filled with light due to large glass surfaces on all sides. Two large terraces overlook the river, that together with our finest Italian espresso or fresh fruit juices create the perfect environment for a coffee break. The concept of mixing work and relaxing atmosphere, together with our dedication and professionalism, allows us to organize any business event (conference, presentation, team building, workshop, exhibition etc) in a completely new way. The entire space is at a complete disposal of only one client per day, which allows us to organize the space in many ways, all in accordance with the clients' needs and wishes.
